

Howard Brown  
Health

**Access to affirming healthcare is a fundamental human right.** No matter your economic status, sexuality, ability, gender, race, or religion, Howard Brown Health promises to deliver high-quality, affordable healthcare and to be a safe space for LGBTQ individuals, their families, and allies. Despite the challenges of the COVID-19 pandemic in 2020, our clinic locations across Chicago continued to provide essential services and innovative care delivery methods.

Howard Brown has continued to expand services such as mental wellness, dental care, holistic services for survivors of sexual assault, and more, all the while integrating them into our primary care-centered model. With each service, we prioritize the South Side to promote greater health equity.
